Cassie Dallas is an experienced appellate advocate, who has persuaded courts and prevailed on legal issues in appeals and mandamus proceedings in Texas state and federal courts.

Cassie is an invaluable asset to every stage of litigation from spotting potentially dispositive issues to developing a trial strategy, to determining the best venue for any case, to preserving error for appeal.

She is a talented and passionate advocate who brings a fresh perspective and collaborative approach to every case.

Appellate

Cassie leads complex appeals and critical motions practice in courts nationwide. She simplifies complex issues and crafts creative arguments to end legal disputes and overturn bad outcomes. Cassie has argued and won appeals on critical legal issues and obtained early dismissals of claims in state and federal courts. In the Supreme Court of Texas, Cassie authored briefs and argued a mandamus proceeding that led to a unanimous decision overturning several intermediate courts of appeals decisions that had prevented defendants from mounting an evidentiary defense to medical expenses affidavits under an erroneous interpretation of section 18.001 of the Texas Civil Practice and Remedies Code. Cassie also authored briefs and successfully argued an appeal that resulted in the Supreme Court of Texas limiting equitable tolling of certain legal malpractice claims.

Her appeals often involve issues of first impression, and she has obtained favorable results on behalf of insurers, healthcare providers, premises owners, property- and homeowners associations, licensed professionals, and businesses. She has considerable experience preparing appellate briefs, original proceedings, motions to dismiss, summary-judgment motions, jury charges, and post-judgment motions. She handles matters across the state of Texas and has argued numerous cases before the Second and Fifth Courts of Appeal.

Trial Experience

Cassie represents individual and corporate defendants at all stages of litigation. She has trial experience and provides trial appellate support. She works to resolve high-stakes business disputes, property disputes, and claims involving personal injury, premises liability, products liability, and professional malpractice.
